Choose Elegant Words For example, people whose ancestors, for countless ages, lived in bright sunlight and tropical luxury warm climates, have dark eyes, dark hair and dark skin, because nature has found it necessary to provide an abundance of pigmentation to protect thin body tissues from injuries by the actin rays of the sun. Mary got up and went up to the big windows, where a stream of warm September sunlight poured into the room. No fog, no fog; clear, bright, cheerful, stirring, cold; cold, piping for blood to dance to; Golden sunlight; Heavenly sky; Sweet fresh air; merry bells. Red sunlight shone on the windows of St. Mary's Church behind our seat, and as the sun dipped there were enough changes in refraction and reflection to make it seem as if the light had moved. I felt as if I, myself, had died, and my spirit, torn out of the brilliant, airy sunlight of life, was immersed in the hammer of the emptiness of hell. The blinding sunlight drowned all this from time to time in a sudden recrudescence of glare. Perhaps the oblique sunlight and holy image to which his poor crazy mother held him still acted on his imagination. A fair panorama of distant hills and wooded cloughs; shining sunlight on a wide sweep of the mimosa dotted plain, shimmering in many fantastic mirages in the glowing heat; the call of bird voices in the nearby brake, and the continuous chirping of crickets; the full, warm radiance of sensual air, rich, permeating, giving life; here really was very Eden. Go, Watson, he said, and we passed from this house of grief into the pale sunlight of the winter day. Her soul would walk in sunlight, if any man was worthy, his power to love to return her love. Back to the palace, fabulously fabulous in the cold Himalayan sunlight, I sought the presence of my master. I tell you, when you walk down the street in that coat in the bright, clear sunlight of a spring morning, you look prosperous . I suppose I must have fallen asleep; I hope so, but I'm afraid for everything that followed was startlingly real - so real that now sitting here in the broad, full sunlight of the morning, I can't believe anything that it was all sleeping. The peaceful imprint of the flute melody wafting into it in the darkest part of the night struck Helga in the heart as powerfully as the ramparts of yellow sunlight that illuminated by Minanna Mayoyo's shack the next morning. The dead leaves, which were whirling in the wind in front of me when I heard of her engagement in the morning, whirled in the wind in front of her, and rose and fell and dissipated at her feet as she walked on in the pale waning sunlight. The color is repulsive, almost disgusting; smouldering, impure yellow, strangely disappeared slowly changing sunlight. She could see it from a distance, reflecting sunlight, strikingly true to its name. The lines on the face were a little but firm, as if they were cut out of marble, and lay mostly about the lips that were slightly compressed over a set of teeth so flawless and beautiful as to give the effect of sudden sunlight, when a rare bright smile, coming in an instant and shining from his eyes, changed the whole look from the heavy and resolved expression of a man willing to make and dare to all , to the poignant honest pleasure of a moment that is rarely manifested so fearlessly and instantly, except for children. It was a strange land for them, with strange sunlight; his brown people were of a different race, beyond their range of sympathy; his temples and buildings seemed to maintain fantastic standards of conduct. All that was left of the Prince was now lifted into the wagon he had previously towed, and with his hooves in the air, and his boots beamed in sunlight, he traced eight or nine miles to Marlott. The servant held an ornate umbrella to protect me from the scorching sunlight. The scant sunlight suddenly increased to an intense sheen in which the iron-barred window completely disappeared. Stephen, still trembling with the cry of his soul, heard the warm sunlight running and friendly words in the air behind him. The trembling, fervent sunlight showed him the lines of cruelty around his mouth as clearly as if he were looking in the mirror after he had done some horrible thing. Fast warm sunlight ran off Berkeley Road, quickly, in thin sandals, along the lightening footpath. To surpass the world of the morning of life, walk among the applause and huzzahs when love and faith are young; feel youth and world affection when youth and health are sweet - what a dream is that pure sunlight and moonlight is getting worse. And while inside we struggled out of our dark, dim whisper contest, food and drink, and hands and blows, without, in the relentless sunlight of that dreaded June, was a strange miracle, an unfamiliar routine of the Martians in the pit. In a triangle of bright outer sunlight I saw a Martian, in his Briareus processing machine, carefully head to the priest. His windows looked east and west; across the west, looking out into the backyard, came a stream of soft June sunlight; but the eastern, from where you got the idea of the flowering white cherries in the left garden and the nodding, slender birch trees down in the hollow by the creek, was green over a tangle of vines. I loitered here on the shady side nicely enough before lunchtime, and after that took my wide straw hat and wandered alone in the warm lovely sunlight to explore the area. The heat was horribly oppressive, and huge sunlight blazed like monstrous dahlias with yellow fire petals. She was afraid of the fast approaching moment when she would have to go out into the hot sunlight and encounter the curious, looking through the eyes of her rescuers. As I entered the palace, conversing fabulously in the cold Himalayan sunlight, I was looking for the presence of my master. It was right on our way: too small to burn, too removed to reflect distant sunlight, too heavy for a gas giant, too light for a brown dwarf. Ms. Mingott said she came out, but she was who, on a day of such glaring sunlight, and in the trading hour, seemed in itself an indelible thing for a compromised woman to do. CHAPTER XX MY ARREST I went out in the sunlight glad of the fresh air as opposed to the gloomy intimacy of the room. So they turned away from this brooding picture and came out of the woods in friendly and hospitable sunlight. They went out in the shimmering sunlight, and strolled along the dreary Euston Road. The quaint back streets of Kingston, where they descended to the water's edge, looked rather picturesque in the flashing sunlight, the sparkling river with its drifting barges, the wooded tug, the trim kept by the villa on the other side, Harris, in a red and orange jacket, grunting away at the skulls, distant glimpses of the gray old Tudor palace, all made the sunny picture so bright, so bright, and so full of life, so that, earlier in the day, though it was, I felt dreamily lulled into a musing fit. Otherwise sunlight highlighted the last leaves of autumn. The old kitchen glistened gold in the fading sunlight, the scent of flowers and sea air and the pines came to the wind, which wafted through wide open doors and windows. Since major Woodruff's book, many other anthropologists have declared their acceptance of the theory, so today we can confidently claim that the black man is black because of the excessive sunlight of his surroundings, and that the white man is white because he and his ancestors did not need protection from the sun. Here was a constant water supply under the rugged a reliable harvest from year to year; in Mesopotamia, wheat has given, says Herodotus, a two hundred times sower; Pliny says he was cut in half and then given good fodder for the sheep; there were abundant palm trees and many kinds of fruit; and as for the building material, in Egypt there was clay and easy stone, and in Mesopotamia clay, which becomes a brick in the sun. And then the sunlight - dusty, hot, with swirling clouds of dust and human urine pong - flooded the container. We will not offer the parallel amazement of some serious Nazarene, who knew and followed his dusty and worn Master's journey through the dry sunlight of Galilee, restored suddenly to this world and attending, say, Mass at St. Peter's in Rome, upon learning that the consecrated plate on the altar was none other than his crucified teacher. Mellowed in the sleepy sunlight on the afternoon of summer, Wargrave, the chick where the river bends, makes a sweet old picture as you pass it, and one that lingers long on the retina of memory. It was right on our way: too

small to burn, too removed to reflect distant sunlight, too heavy for a gas giant, too light for a brown dwarf. Similarly, the physicist says that the board was the result of uneven voltage fibers; it adds only later that it occurred as a result of heat, which again is a consequence of direct sunlight that fell on the board. But the pillar consisted of both the day and the night's guide, for the fire was in the red eye, which at thought received a new charm for me; until, as I looked, the fire split, and seemed to shine upon me through the mist, like two red eyes, such as Lucy told me in her momentary psychic wandering, when, on a rock, dying sunlight struck the windows of St. Mary's Church. A shaft of dazzling sunlight peeked into the room, featuring heavy, old-fashioned furniture, crimson damask veils, and a huge four-post bed, along whose heads were carved by a running figure, apparently atalanta racing.
